★ Experiment with hands-on activities...

Culinary Creations... Pizza turned healthy? Learn how to create a Fruit Pizza in this exciting family cooking activity... You're sure to be a hit and a culinary expert in your own right.

Exploration Station... Pop Rocks are known as the exploding candy, and if you ate Pop Rocks as a kid, you probably remember the legend... if you eat Pop Rocks and then drink a soda, you'll explode... Let's experiment together and find out if this is true or false.

Open Gym... Open gym is a wonderful opportunity for your child to explore the possibilities of gymnastics and fitness in a fun environment. Use this time to polish up on challenging moves or just to have fun and meet new friends.

Baby/ Toddler... Come check out our sensory activities designed to allow parents/care givers to engage in a fun and purposeful way with their little ones.
